

How to turn off Pop-Up Blockers using Microsoft Edge

- 1) Open up Microsoft Edge. In the upper right hand corner there is an ellipsis symbol. Click on the ellipsis and scroll down and select “Settings”.

- 2) Once in the settings menu click on the small padlock button located on the left side of the menu.

3) Scroll down the page and until you see “Block Pop-Ups.” Click the radio button so it says “Off.”
